About BWC- Best University/College

BWC is a membership program that recognizes organizations that promote sustainable transportation options across North America. Organizations that meet the program's **"Standard of Excellence"** are acknowledged for offering exceptional transportation benefits.

To receive this prestigious designation, universities and colleges work with pointA to implement sustainable commuting programs and submit an application demonstrating they meet the BWC National Standard of Excellence.

How to Get Certified

As the official Canadian partner for the BWC designation, the pointA team is here to guide you every step of the way making the journey smooth, simple, and impactful. Start the easy to follow certification process today.

Step 1 Review Eligibility Requirements

Determine how many of the BWC requirements your university or college currently meets.

Step 2 Get Your Designation

Work with the pointA team to implement commuting programs that meet the needs of your students, staff, and faculty and fulfill the requirements of the designation. Apply for the designation between June and November each year.

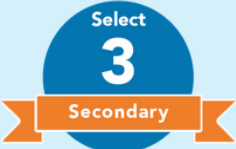

Step 3 Get Recognized

Every January, the list of BWC workplaces, sites and universities/colleges is released on the BWC website and your university/college will be recognized across North America.

Take part in **networking opportunities with peers and experts** in the field to exchange ideas and learn new strategies. Join web conferences and training to help you implement commuter benefits.

Don't just take our word for it!

“

York has spent many years building a strong transportation network, working with city partners to ensure our campuses are well-connected and accessible, and considering the ways we can lower our carbon footprint with sustainable travel options. This new designation is a celebration of that work and a reflection of what's to come.”

— Carol McAulay, Vice-president, finance and administration, York University
